

2018 Home Energy Improvement Program Individual Improvements Terms and Conditions

Multifamily Individual Improvements Terms and Conditions

Rebate-eligible upgrades must receive pre-qualification. All Home Energy Assessment and Individual Improvement applications must be submitted within 60 days of testing or invoice date. All units, equipment and Home Energy Assessments must meet Individual Improvements preconditions and measure requirements for the Home Energy Improvement Program. Rebates are subject to limitations and subject to change at any time. Customer's actual utility bill savings will vary depending on individual energy usage and the qualifying improvement made.

All units where installations and rebates occur under the Home Energy Improvement Program are subject to verification by the Georgia Power Corporate Compliance Organization. If the audit discovers the equipment has not been installed, or any other non-conforming condition exists, the measure is ineligible for rebates and any rebate paid for such equipment must be returned to Georgia Power.

By signing these Terms and Conditions, Property Owner acknowledges and agrees that Georgia Power's liability and responsibility in connection with any rebate program shall be strictly limited to the making of certain rebate payments to eligible applicants, and that Georgia Power is not making, will not be providing and specifically disclaims any representations, warranties, covenants or guaranties whatsoever, expressed or implied, in connection with any equipment installed or provided or other aspects of the Home Energy Improvement Program itself, including, without limitation, those regarding merchantability or fitness.

Warranties with respect to the equipment are strictly manufacturer's warranties, and Property Owner shall not make, nor have the right to make, any claims against Georgia Power relating to any such warranty. Georgia Power shall in no way be liable or responsible for any equipment installed or any act or omission of any other entity or individual, including, without limitation, any contractor, technician or other service provider.
